Subject: FW: SAB Panel for the Review of EPA's Water Body Connectivity Report

FYI.... The SAB Panel for the Review of the Connectivity report has been announced.

Next step is the FR Notice announcing the availability of the draft report and providing instructions to submit comments to the public docket. The FRN will also announce release of the charge questions and announce the panel meeting date. SAB is drafting that FRN and anticipate having it completed soon.

Jeff and Laurie,

We have the process of panel formation for SAB connectivity panel. The panel determination memo is posted on the SAB website at the following URL. The panel members are listed on pages 5 and 6 of the memo.
